Fatal1ty Series 1000W PSU

Built for the Most Demanding PC Gaming Rigs

- Continuous 1000W output rated at a demanding 50 °C
- Built with 100% Japanese low ESR 105 °C capacitors
- Single +12V rail for stable power distribution
- Temperature and load controlled 140mm double ball-bearing fan
- Glowing Red LEDs for LAN Parties and style
- 80-Plus Gold certified for up to 90% efficiency (typical load)
- Individually sleeved modular cables for a sleek look and greater flexibility
- Active Power Factor Correction (PFC)
- ErP compliant for low power usage in standby
- Heavy-duty protection circuitry
- Dimensions (W x H x L) : 150mm x 86mm x 180mm
- MTBF 100,000 Hours for high reliability
- 5-Year 'PowerSwap' Warranty, no more return-for-repair loops

Pros don't just play games, pros win games! Dedicated to delivering premium power solutions, OCZ's latest PSU was co-developed with twelve-time world champion Johnathan "Fatal1ty" Wendel to meet the specific needs of fellow gamers in performance, stability, and ease of integration to reduce system downtime. The Fatal1ty 1000W PSU sports a gaming-ready look with a sleek design, clean connectors, and a glowing red LED fan. With a high build quality using 100% Japanese capacitors and a powerful single +12V rail, this PSU is capable of delivering 1000W of continuous power at 50 °C ideal for a demanding multi-GPU gaming rig. With 80-PLUS Gold certification and powered by a large 140mm thermally-controlled fan to reduce heat in your case, maintain ultimate stability and silence during the most intense gaming sessions by eliminating distracting noises from your PC. Featuring individually-sleeved modular cables, the Fatal1ty Series eliminates unnecessary wire clutter for a cleaner overall presentation and superior airflow in high end systems that are packed with components.

Modular Cable Configuration

2 x Floppy

8 x Peripheral

12 x SATA

4 x 6+2-pin PCIe

1 x 4+4-pin CPU

Non-Modular

2 x 6+2-pin PCIe

1 x 4+4-in CPU

1 x 20+4-pin ATX
